Preliminary

Please explain the need for this project as well as a clear overview of the concept of the project. Narrative must provide enough details that those reviewing the application can comprehend or visualize the full scope of the project. Narrative should be a full overview, yet explicit and to the point.

For almost a year Missouri River Country did not have air service. Big Sky Airlines went out of business in March of 2008. Great Lakes Airline returned flights in Sidney, Wolf Point and Glasgow in February of last year. On their planes they have a magazine called *Peaks and Plains*. Bored and restless, passengers often pull *Peaks and Plains* out of the seat-back pocket in front of them, flip through the pages, then settle in for an hour or more of interesting reading.

Travelers will sometimes make notes in the margins or even rip articles from the magazine for later reference. Many passengers tuck the complimentary issue of *Peaks and Plains* into their briefcases or carry-on-bags, to be passed along to friends and relatives.

Missouri River Country thought it was a good opportunity to advertise in *Peaks and Plains*. While business people are the primary travelers, we feel that the potential is there for them to revisit with their family and friends.

Missouri River Country would like to place a half page ad in the spring issue of *Peaks and Plains* magazine. The cost will be \$1005. The spring issue will be March 2010 through May 2010.
